## All about me

Hello, my name is Hayle Yoakum. I have over 6 years of experience working in childcare centers. I really enjoy watching the students grow and learn the new things they like.

I come from a big family with 4 older siblings. I have 4 nephews that I love spending time with and taking them on all sorts of adventures. I enjoy spending time outside, especially with friends, going on hikes or even going to the lake. I like watching movies and finding new hobbies.
