## My education

My goal is to get my early childhood education degree at Southeast Community College.

## All about me

My name is Angela Rodriguez, I go by Angie. I've always had a calling in child development to support and nurture children in a safe, positive, and caring setting.

I am in a new stage in life taking in life as a new foster mom. I have 3 nieces and 3 nephews that are my world. I enjoy spending time and watching them grow in all their silly stages. I enjoy spending time with my husband and kids, finding new adventures.
