**Animal:** Wolf

## My education

I graduated high school from Elmwood-Murdock and took some classes in college for art therapy

## All about me

Hi, my name is Hannah Mather. My favorite part of working with children is helping them learn motor skills through different art avenues. I also like to push kids to be creative in all formats whether that's free play or even an artistic picture during arts and crafts.

In my free time I am an artist and enjoy painting anything fantasy or book related. I enjoy using acrylic and watercolor paints.
